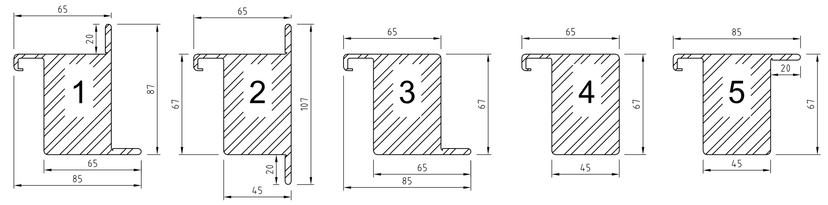
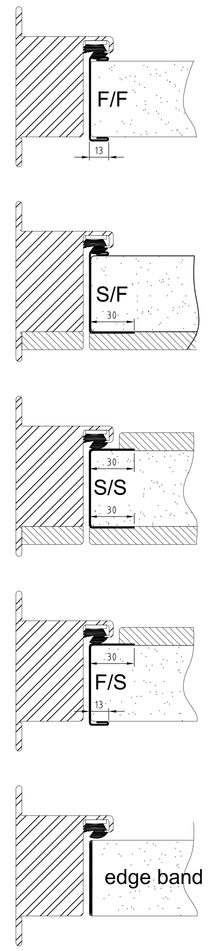
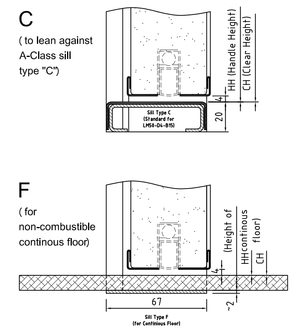
Frame types



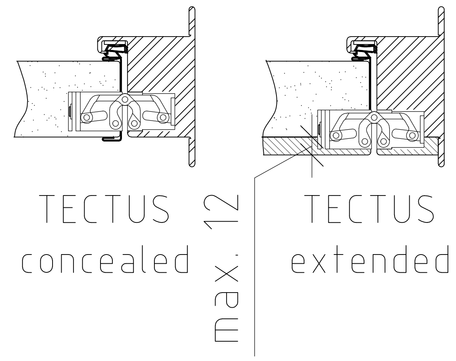
Leaf frame

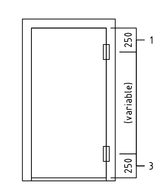


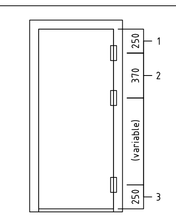
Sill types

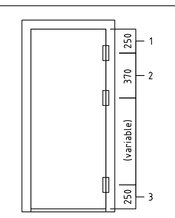


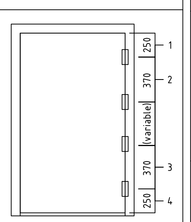
Hinge type TECTUS



Please note following rules for distance of hinges type TECTUS 526				
Clear height	< 1500mm	1500mm-max		
Hinge Extension	---	No	Yes	
Area (CO×CH)	---	---	Area < 1,68m²	Area >= 1,68m²
Hinge distance 1	250mm	250mm	250mm	250mm
Hinge distance 2	not applicable	370mm	370mm	370mm
Distance between hinges	variable	variable	variable	variable
Hinge distance 4	250mm (fix from sill) (only 2 hinges)	250 (fix from sill)	250 (fix from sill)	370
Hinge distance 5 (only if TECTUS extended & Area >= 1,68m²)	---	---	---	250 (fix from sill)
				








Application /Limitation of Product

Since the door fulfils the requirements regarding insulation and integrity stated in MSC.1/Circ.1273 the following extended measures may be accepted for a specific project:

The maximum height of the door leaf is 2415mm, the maximum width of the door leaf is 1150mm, but the maximum area of the door leaf must not exceed 2,31m²
